SUPPLEMENT TO
REPORT NO.

25X1X

1. The following represents the weekly instructions issued by the Tehran Tudeh Provincial Committee to Party members under the jurisdiction of District Committee No. 7 (Southeast Tehran) for the week beginning 17 November 1951. ¹

- a. Report the number of workers in your place of work. How many are permanent workers? How many are temporary workers? Give the maximum and minimum wage rates paid. Report the name of the employer and his relatives.
- b. Report the names of influential and reliable persons in your work area and your neighborhood. Also describe all actions and activities there with respect to the forthcoming elections. Mention names.
- c. A special issue of "Maslehat" will be published on Wednesday. Efforts should be made to "push" the sale of this issue.
- d. Membership dues should be paid for the period up to 30 October 1951.
- e. The newspaper Shab Cheragh will soon be published.
- f. Members should attend a meeting to be held on Friday evening at the House of Peace (Headquarters of Partisans of Peace).
- g. Members should write letters to the Police protesting the closing of the Sa'adi Theater.

1. Comment. See [redacted], for another version of what purports to be weekly Tudeh instructions for the same period. As will be noted, there is very little in common, except style, in these two reports. It is possible that different District (Mahalli) Committees receive slightly different instructions. This thesis is further borne out by frequent warnings against specific persons such as police agents, etc., in the weekly orders. Such individuals would appear to be of local interest to specific District Committees located in the same part of town and could not logically be expected to appear in Party-wide instruction circulars. Or it is possible that informant familiar with the general style of the instructions, is fabricating them.
